

Health, Wellbeing, and Healthy Eating in Ruscote and Neithrop: Community Survey

NOVEMBER 2022

Dear Resident

Why are you asking what I think?

Oxfordshire County Council Public Health are working on a project with community partners to find out more about health and wellbeing and healthy eating in places across the county. One of these areas is Ruscote and Neithrop. A charity, Community First Oxfordshire, has been asked to talk to local residents to find out more about the following:

1. What kind of things (like organisations, services, and people in the community) support health and wellbeing?
2. What causes the biggest problems to people's health and wellbeing and what would help improve these?
3. How has Covid affected health and wellbeing?
4. What do people think about healthy eating?

What happens next?

Your views and experiences will help to create a really useful picture of what people in Ruscote and Neithrop think about health and wellbeing and how it can be improved. This will help the County Council and others to plan better for the future and develop services and projects to improve things.

Important information about how we will process your responses

This survey is completely anonymised so that anyone who completes it cannot be identified. The analysis of your feedback will be undertaken on behalf of Oxfordshire County Council by Community First Oxfordshire (CFO). By completing this survey, you are consenting for your response data to be shared by Community First Oxfordshire and Oxfordshire County Council. Your data will be processed by CFO and Oxfordshire County Council in accordance with the General Data Protection Regulation (2018). You can read CFO's Privacy Policy at: <https://www.communityfirstoxon.org/privacy-policy/>. You can read Oxfordshire County Council's Privacy Notice at: <https://www.oxfordshire.gov.uk/council/about-website/privacy-notice#paragraph-5977>.

CFO will provide an anonymous summary report on survey findings for Oxfordshire County Council. This report will be publicly available.
