

Supplementary statement to Oxfordshire Health and Wellbeing Board's Pharmaceutical Needs Assessment

Date Pharmaceutical Needs Assessment published – September 2025

Date Supplementary Statement issued – September 2026

The Regulations state that Supplementary Statements can provide updates to the Pharmaceutical Needs Assessment only in relation to changes in the availability of pharmaceutical services. Supplementary Statements cannot provide updates on pharmaceutical need. This can only be achieved through a review of the Pharmaceutical Needs Assessment. The following pharmaceutical services currently contained within the Pharmaceutical Needs Assessment have been identified as needing updating. This updated information supersedes some of the original information within the PNA and should be read in conjunction with that document.

Opening of a new pharmacy following grant of an unforeseen benefits application

Buckinghamshire, Oxfordshire and Berkshire West ICB granted an unforeseen benefits application by Abdirahman Hassan to open a pharmacy at 36 Cowley Road, Littlemore, Oxford, OX4 4LD, to provide pharmaceutical services at the following times:

Monday to Thursday: 09:00-18:30; Friday: 09:00-13:00, 14:00-18:30; Saturday: 09:00-14:00; Sunday: Closed.

The pharmacy opened on 17 August 2026.

Please see the pharmacy map for Oxfordshire Health and Wellbeing Board area and for Oxford City locality updated as of 21 September 2026.

Removal of a dispensary from the dispensing doctors list

The following practice has ceased dispensing services and has therefore been removed from the dispensing doctors list for the area of Oxfordshire Health and Wellbeing Board:

Marcham Road Health Centre (K8404) at Marcham Road, Abingdon, Oxfordshire, OX14 1BT.

The dispensary was removed from the dispensing doctors list on 1 September 2026.

It is the opinion of Oxfordshire Health and Wellbeing Board that the removal of this dispensary from the dispensing doctors list does not create a gap in pharmaceutical services provision that could be met by a routine application (a) to meet a current or future need for pharmaceutical services, or (b) to secure improvements, or better access, to pharmaceutical services.

Please see the Dispensing GP practices map for Oxfordshire Health and Wellbeing Board area as of 21 September 2026.

Supplementary Statement prepared by Soar Beyond Ltd and issued by the Director of Public Health, on behalf of Oxfordshire Health and Wellbeing Board.

Information correct as of 21 September 2026.

Map updates to Oxfordshire Health and Wellbeing Board's Pharmaceutical Needs Assessment

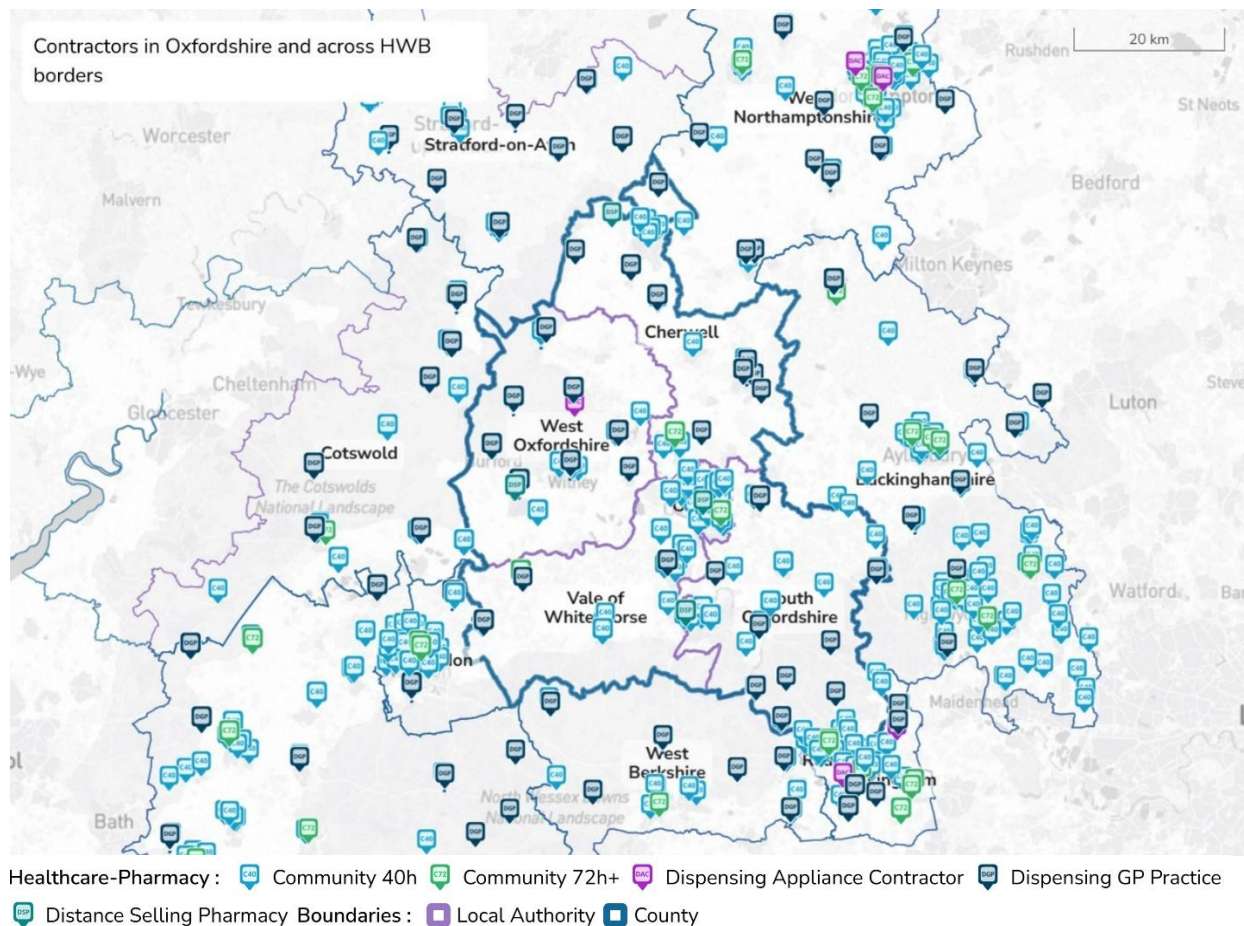

Date Pharmaceutical Needs Assessment published – September 2025.
